

KHALID ALMOHAMMADI

KHALID ALMOHAMMADI | Madinah, Saudi Arabia | +966 542001129 | khalid-almohammadi@outlook.com

Summary

A fresh Computer Science graduate with practical experience in Full Stack Development, passionate about building scalable applications and optimizing databases. Demonstrates strong problem-solving abilities, a quick learner, and a proactive approach to tackling real-world challenges. Possesses foundational knowledge in Machine Learning, Natural Language Processing (NLP), and Artificial Intelligence (AI), with a strong interest in growing within Software Development and Data Science. Committed to continuous learning and applying emerging technologies to deliver impactful and innovative solutions.

EDUCATION

Bachelor's in Computer Science
Taibah University | 2019 – 2025

CERTIFICATIONS

Machine Learning with Python (Apr 2024)
Introduction to Cloud Computing (Aug 2024)
Cybersecurity Essentials (Oct 2022)
NCAA Cloud, Associate (JNCIACloud) - Mar 2025

WORK EXPERIENCE & PROJECTS

IT SERVICE MANAGEMENT SPECIALIST (TAMHEER PROGRAM) – FULL-STACK SOFTWARE ENGINEER
NOGOOM AL-OMRAN | AUGUST 2025 – PRESENT

- Developed, deployed, and published 3+ production-ready mobile applications on Apple App Store and Google Play Store, serving internal business operations.
- Designed and integrated API-based systems leveraging the company's core system APIs to build internal solutions.
- Built internal systems to streamline and automate employees' daily operational tasks.
- Designed and developed interactive Power BI dashboards for monitoring performance and business insights.
- Developed and deployed 6+ Python automation scripts supporting operational and reporting workflows.
- Deployed and managed 6+ web applications on a secure VPS environment, including server setup, security hardening, and production readiness.
- Delivered end-to-end solutions from business requirements to secure production deployment.

Software Engineer

Internship | SIT | March 2025 – February 2025

Worked on multiple projects in different roles, including Technical Lead, Backend Developer, and Project Manager, contributing to both technical delivery and team leadership.

Project 1: FIM Platform (Café & Restaurant Management System)

Role: Technical Lead

- Led and supervised the development team and resolved technical challenges.
- Contributed to system architecture and ensured code quality and best practices.
- Oversaw implementation of HR modules (employee management, recruitment).

Tech Stack: HTML, CSS, JavaScript, PHP, MySQL

Project 2: WeFi Mobile Application

Role: Backend Developer

- Designed and built secure RESTful APIs for a mobile application.
- Implemented authentication, authorization, and API protection.
- Integrated backend services with the Flutter mobile frontend.

Tech Stack: PHP, REST APIs, MySQL, Flutter

Project 3: Modawana Web Application

Role: Project Manager

- Built the project from scratch and managed the full development lifecycle.
- Designed role-based access control and content management features.
- Ensured alignment between business requirements and technical execution.

Tech Stack: React, Laravel, MySQL

SKILLS

- Backend & APIs:
- Python, PHP, REST APIs, Authentication, Authorization
- Frontend:
- React, HTML, CSS, JavaScript
- Databases:
- MySQL, PostgreSQL
- Data & Analytics:
- Power BI, Data Modeling, Python
- DevOps & Deployment:
- VPS, Linux Server, Security Hardening, Git, GitHub

SOFT SKILLS

- Leadership (Managed a team during an internship at SIT)
- Complex Problem Solving (Developed ML model to predict employee performance)
- Time Management (Successfully delivered graduation project within deadlines)
- Teamwork (Collaborated with developers on Wavey project)
- Fast Learning (Mastered new technologies like NLP in short timeframes)

TOOLS:MICROSOFT OFFICE, GIT

KEY ACHIEVEMENTS

- **SUCCESSFULLY DELIVERED A GRADUATION PROJECT THAT PROVIDED A COMPREHENSIVE SOLUTION FOR TOURISM IN ALULA.**
- **DEVELOPED A MINI ERP SYSTEM TO STREAMLINE HR AND EMPLOYEE MANAGEMENT PROCESSES.**
- **BUILT A ZAKAT CALCULATOR APPLICATION TO ASSIST USERS IN PERFORMING RELIGIOUS CALCULATIONS.**
